

Promotions and Corporate Hospitality

Complete Therapies Agency provides innovative solutions for organisations to implement successful promotions and events. Our services provide your business with a means to present a corporate image that focuses on the wellbeing of your valued clients and delegates ensuring customer loyalty will increase.

Promotions can be up to 75% more successful with an incentive included. However, the incentive itself must be generic, manageable and something that will please all recipients. The opportunity to relax for a while and focus on wellbeing is always popular. Complete Therapies Agency provides therapists with a wide range of qualifications and skills ensuring with us, you will be able to offer something for everyone.

Whether you are launching a new product, need a compliment for a new marketing campaign or a solution to drive customer sales, Complete Therapies Agency will work with your organisation to provide a uniquely tailored solution that will bring you optimum returns.

Some of our successfully implemented programmes have included:

- The provision of a relaxation station at conferences
- Gift vouchers for client gratuities
- Gift vouchers inclusions with promotions
- Therapists on exhibition and trade fair stands
- On site massage station with a juice bar of a conference
- Massage therapists for a product launch

We can supply fully qualified, insured and highly experienced complementary therapists to deliver a variety of therapies. Our national register of approved therapists have gone through our rigorous screening procedures and work regularly in corporate hospitality and event environments.

Gift Certificate Rewards

Build customer loyalty or motivate supplier performance. Rewarding with gift certificates offers a simple and fully scalable solution any organisation can implement.

Our reward solutions are simple to implement, convenient and sure to please. With a comprehensive choice of therapies available, there is something for everyone with Complete Therapies Agency. The national register of therapists ensures there is availability local to everyone and our quality assurance guarantees you are providing a superior incentive.

Gift certificates can be used to reward performance, implement reward schemes, honour esteemed clients and drive customer loyalty. The implementation of such schemes helps to improve company image and install company loyalty among the recipients.

Sometimes you want to show your appreciation without needing the framework of an entire rewards program. Individual gift vouchers can be purchased online where they are downloadable immediately. Large scale purchases, we recommend that you contact the sales team at Complete Therapies Agency first. We can provide you with a file of vouchers suitable for mail merge or in any other format appropriate for your requirements.

All gift certificates are valid for twelve months and redeemable with any of the Complete Therapies Agency practitioners. Once you pass on the voucher, the recipient can simply search for local therapists at the Complete Therapies Agency website, arrange their booking and redeem their voucher online.

We are happy to discuss one off purchases or ongoing reward scheme implementations please contact us and we will arrange to explore your requirements.
